9. 🔍 Key Insights

A. Shift in Approach

Canada is moving from:

- ❌ Reactive (crisis-only care)
  ➡️ to

- ✅ Preventive + community-based mental health care

B. Importance of Social Connection

Loneliness is one of the **strongest drivers of poor mental health** among students.

Programs now emphasize:

- Peer networks
- Belonging
- Community spaces

C. Equity & Inclusion Focus

Special attention to:

- Indigenous students
- International students
- First-generation students
- 2SLGBTQ+ communities

---

10. 📜 Conclusion

Canada's mental health system combines:

🧩 **Three Key Layers:**

1. **Crisis intervention** (e.g., 9-8-8)
2. **Public healthcare & provincial services**
3. **Preventive & community-based programs**

The McCall MacBain initiative reflects a **modern approach**:

- Address root causes
- Build resilience early
- Strengthen campus communities
