□ Dataset Summary: Rentals.ca (Ottawa)

📌 Website Purpose

Rentals.ca (Ottawa page) is a platform that helps users find rental housing such as:

- Apartments
- Condos
- Houses

It provides an **easy-to-use search system with filters and map view** to explore available rentals in Ottawa.

🏠 Key Features (for Chatbot Knowledge)

1. Types of Rentals Available

- Studio apartments
- 1-bedroom, 2-bedroom, multi-bedroom units
- Houses and townhomes

👉 Listings range from **small, affordable units to large family homes**

---

2. Search & Filters

Users can search based on:

- Price (budget range)
- Number of bedrooms
- Property type
- Location (map-based search)

👉 Filters help users quickly find housing within their budget

---

3. Map-Based Search

- Interactive map shows rental locations in Ottawa
- Helps users choose housing near:

    - Universities
    - Workplaces
    - Transit

👉 Makes it easier to compare neighborhoods visually

---

4. Rental Price Insight (Example)

- Houses can start around **~$2,700/month**
- Apartments vary depending on size and location

👉 Important for chatbot responses about **budget expectations**

---

5. Listing Details

Each listing may include:

- Photos
- Price
- Number of bedrooms/bathrooms
- Amenities (e.g., kitchen, appliances)
- Contact with landlord

🎓 **Student-Relevant Insights (Important for Your Chatbot)**

- Students can find:
    - Shared apartments
    - Rooms for rent
    - Budget-friendly listings
- Using filters is important to:
    - Stay within student budget
    - Find housing near campus

- Not all listings are short-term → chatbot should mention:
  👉 “Check lease length before applying”

🤘 Chatbot Dataset Version (Ready to Use)
