  - Online feedback forms

🚨 Emergencies

- Call **911**

⚙️ What They Do

- Provide **daily public transit services**
- Ensure:
  - Safety
  - Comfort
  - Dependability
  - Courtesy

🤝 How They Work

- Collaborate with:
  - City of Ottawa
  - Other partners
- Areas include:
  - Route planning
  - Service design
  - Community integration

🔍 Key Focus Areas

- Reliability of service
- Customer experience
- Accessibility
- Transparency and accountability

🚆 O-Train – How It Works (Quick Guide)

🚀 Overview

- Designed to be:
    - **Simple**
    - **Frequent**
    - **Easy to navigate**
    - **Safe**
- Covers travel across Ottawa

💳 Paying Your Fare

- Payment options:
    - **Presto card**
    - **Credit card / mobile wallet (tap)**
    - **Tickets from machines (cash, debit, credit)**
- Ticket machines:
    - Easy to use
    - Include **live video help**

🔁 Transfers

- Use the **same card/device** when transferring
- Benefit: **daily fare capping**

🚪 Fare Gates & Zones

- Tap to enter at **fare gates**
- After entering → you're in a **fare-paid zone**
- In these zones:
    - Move between **bus** ↔ **train without tapping again**

🧭 Navigating Stations (Wayfinding)

- Clear signage for:
    - Platforms
    - Exits
- Tools available:
    - Audio + tactile features
- **Transit screens** show:
    - Real-time schedules
    - Service updates

🚉 Boarding & Exiting

Boarding

- Stay behind **yellow line**
- Let passengers exit first
- Board after train fully stops

Exiting

- Wait until full stop
- Exit calmly through doors

🔔 Real-Time Updates

- **My Alerts service**:
  - Personalized notifications
  - Updates on delays or disruptions

🆕 Key Features of the System

- Connection to **Ottawa International Airport**
- **Modern trains (Stadler FLIRT)**:
  - More space
  - Faster boarding
- **High-resolution info screens**
- **More stations & expanded network**
- **Parallel bus service** still available
- **More accessible washrooms**

⚠️ Safety & Etiquette

- Stay behind yellow line
- Never go onto tracks
- Mind the gap when boarding/exiting
- Offer seats to those in need
- Keep noise low & dispose of trash properly
- Use **emergency phones** if needed

📞 Customer Support

- Phone: **613-560-1000**
- Options:
  - On-site staff (red vest)
  - Ticket machine video chat
  - Online contact
  - Social media support

✅ Simple Example (Typical Trip)

Step-by-step:

1. Tap your credit card at the fare gate
2. Enter fare-paid zone
3. Follow signs to your platform
4. Wait behind yellow line
5. Board after others exit
6. Ride → exit at your stop
7. Transfer (no re-tap needed inside zone)

Result:
✔ Smooth trip with no extra payment during transfers

🚆 O-Train Network – Key Information

📍 Overview

- Rail transit system in Ottawa
- Multiple lines connecting east, west, south, and the airport
- Designed for:
  - High capacity
  - Accessibility
  - Frequent service

🚉 O-Train Lines

🔵 Line 1 (Blair ↔ Tunney's Pasture)

- Direction: **East–West (via downtown)**
- Length: **12.5 km** (+ 2.5 km tunnel)
- Frequency: **~every 5 minutes (rush hour)**
- Runs: **7 days/week**
- Capacity:
  - ~300 riders per car
  - Up to **600 per train**
- Features:
  - Fully electric (zero emissions)
  - Highly accessible
- Future: Extension to **Trim** (east) and **Algonquin/Baseline** (west)

🟢 Line 2 (Limebank ↔ Bayview)

- Serves: **Ottawa South**
- Key stops:
  - Carleton University
  - South Keys
  - Little Italy
- Travel time:
  - **< 35 minutes (end to end)**
- Frequency: **~every 12 minutes**
- Capacity:
  - ~420 riders per train
- Connection:
  - Transfer to **Line 4 (airport)** at South Keys

🟡 Line 3 (Future: Trim ↔ Moodie)

- Length: **37 km, 27 stations**
- Route:
  - Orléans → Downtown → Nepean
- Connections:
  - Link to Line 1 at **Lincoln Fields**
- Includes:
  - **4 Park & Ride lots**
- Expands access to:
  - East (e.g., Place d'Orléans)
  - West (e.g., Bayshore)

🟣 Line 4 (South Keys ↔ Airport)

- Connects to:
  - Ottawa International Airport
- Frequency: **~every 12 minutes**
- Key features:
  - Station at airport departures level
  - Stop at EY Centre
- Connection:
  - Transfer to Line 2 → then Line 1 for downtown

🚌 Backup Services

- Replacement routes available if trains are disrupted:
  - **R1, R2, R4 buses**
  - **E1 express shuttle**

⚠️ Safety Features

🚆 On Trains

- Passenger intercoms
- CCTV cameras
- Emergency brakes & exits
- Slip-resistant floors & grab bars

🚉 At Stations

- Emergency phones
- CCTV monitoring
- Safety features:
  - Tactile strips
  - Barriers & fencing
- Well-lit secure waiting areas

♿ Accessibility

🚆 On Trains

- Priority seating
- Low-floor boarding
- Audio + visual announcements
- Accessible grab bars & intercoms

🚉 At Stations

- Elevators (all stations)
- Escalators (some stations)
- Tactile wayfinding paths
- Wide fare gates with dual-height readers

❄️ System Reliability (Special Conditions)

- Designed for:
  - **Winter weather**
  - **High heat (track expansion)**
- Powered by:
  - **1,500V electric overhead cables**
- Built-in systems ensure:
  - Safe operation in extreme conditions

✅ Example (Choosing a Route)

Scenario: Going from downtown to the airport

1. Take **Line 1** → transfer to **Line 2**
2. At South Keys → switch to **Line 4**
3. Arrive at airport
